THE KEYSTONE

Malagentia is approaching its fourth birthday. As we enter upon our fifth year, we can look back upon some substantial achievements, achievements of which every Malagentian can be proud. The first of these is simple survival. Our parent shire, the Misty Seacoast, bloomed and died in the course of a year of so. Vinland's shadowy existence ended this summer; Endward and Beith Aonar are gone. Malagentia remains. Why? Not size alone, not connections or experience -- none of us has been a SCAdian longer than four years. Certainly not because we have been showered with honors; we are still waiting for our first awards, though some among you have earned recognition several times over. The answer is that we are rich in things like effort, enthusiasm, sharing and caring. We all know the kind of effort that it took to get university support, to make those archery targets, to make newcomers feel welcomed, to get new fighters armed and armored. To all of you, then, who have been part of us and who continue to help Malagentia grow, VIVAT!

I was pleased with the turnout at the last shire meeting, and still more pleased with the enthusiasm with which you all volunteered to participate in the play, "Noah's Flood," which we will be presenting in January. I hope to locate a supply of scripts this week so we can begin rehearsals soon.

Hearty congratulations, then, for all that you have done, while anticipating better things to come. May our fifth year be yet one more in a long and fruitful history of comradeship and accomplishment.

Deormund Wulfscyld
 Seneschal - Malagentia

***** VEASSL'S DEN *****

All tribal members should mourn tragic death of shaman, Hurga as he died at Pennsic War. Yes, is true. He gets slave who is wanted by Tuchux and fights in camp for honor. Is most proud of honor fight, but tragically he brings his Tuchux troubles to camp. Is no longer Veassllurd - too naive.

Fighters at war this year all wear tribal mascot mink on helm - Even newest Veassllurd, Rat. Total of five fighters; also Arlof, Warlord, and Garth, Brendan "Is to note great silence..." the Bold, and me, Malachi. We fight good at woods battle, although are stuck in swamp and only few comes to fight. So, we go find, but find too late and cannon goes off indicating end of first battle. Mid-Realm 1/ East 0.

At second battle, Field Battle, is again five vengeful, wrathful Veassllurds. Is hot day; is SCA time... you know. So we are lined up at far left hand end, and guns fire again. We all run up to flank them on the left. From somewhere on right comes some suicide squad gone rampant. They tap Brendan "Is to note great ringing in helm..." the bold and he gets head lopped off. Dirty style by dog Mid-realmers. Then Malachi hears loud sound behind, and turns to see poor Brendan. He hits leg of dog, then he is hit in leg and two more of Suicide Squad comes and kills me. AAuugghh... We are only 45 seconds into battle!! Arlof fights bravely for while and is seen coming off field at halftime hold. Cousin Rat and Garth lives to fight another day. Is ironical, no? We win battle, and is now Mid 1/ East 1. P.S. Tuchux kill selves at start. Silly barbarians, no?

Is to quickly run over to Archery War Point with huge (11) squad of Malagentian archers. Is also Dilligaff household and Veassllurds. More from Dalen on this in *** Archers Bow ***. Is now Mid 2/ East 1. Shit.

Champions Battle is of course won by East. Need Malachi say more. East 2/ Mid 2.

Finally, on last day there is Bridge Battle. Five proud rats in sixth and seventh ranks. Is to be unbelievably hot and starts very late again. We is now facing Tuchux and Calontir. But, we get up to front when Garth is called to fill a shieldman's spot. Is to follow with my spear. Arlof and Brendan comes up next and then Rat. We all fight for about 10 ranks of fighters around us in middle of line. Then Arlof is dragged out by Marshal for not taking blow from rubber polearm. What is "pencil-neck geek," Arlof. Next, I trade spears with some Mid-dog, but vision is getting small. Soon, I stagger out of crowd and pass out from heat death. Bedda comes and helps me to chiurgeon and water bearer's tent. Others fight bravely for little while longer,

----- Contract of Arms

To the most powerful leader of the Veassllurds: Malachi
Olthurssun (long will he live):

The farmer Agric Spadix of the shire of Malagentia would
wish to have peace as the law with your family.

Because of the danger of war with Seashire and other
pugnacious barbarians, I feel that my fields need to be
"watched over."

And because of the strength of the Veassllurds, I would
inquire the protection of your excellent tribe.

In return, I, Agric Spadix will offer you my aid of the
three essentials; mercenary light warriors (such are farmers)
wheat and wine.* This is my best offer!!

Agric Spadix /

*This is limited to the SCA personnas

Malachi would like opportunity to thank farmer Spadix
for compliments. Is to question "other pugnacious
barbarians," as insult maybe? Is to also question Veassllurds
role in watching over fields? Is thought to be farmer's job.
Finally, is to agree to contract, less terms questioned
above, for wine and bread and what farmers who will bear arms
against Our enemies. Farmer Spadix: May fields be fruitful!

### \\\\\\ INVITATION OF FAMILY STATUS AMONG VEASSLLURDS \\\\)

In the Veassllurds long journeys with the Shire of Malagentia, led by the Saxon bowman Deormund Wulfscyld, we have had pleasure of meeting many people worthy of status among Veassl ranks. These are people who demonstrate a tendency toward brotherhood with us, debauchery, a reasonable resiliency to our Barbaric ways and a desire to affiliate with the Northern Barbarians, Veassllurd.

Unto the following mundane and SCA'dian folk does an invitation to make family ties with tribe go out:

To the Welshman Dalen Caradoc; To the Viking woman Thyra;  
To the Czeck archer Jaroslav and his lady;  
To Lord Seosamh O'Choda and Lady Ariel of Caer Myrddin, their  
druidesses, warriors and clan at large;  
To young Cousin Rat, who has accepted and fought in good  
faith with Veassllurds.  
To Bedda's friend and ally, Ionna  
To Pam, Robin, Dave and Dan, minstrels  
To Crazy Bob and Cassandra the Mislaid

It is my sincere hope that you all become barbarian full or part-time, and that Clan O'Choda and Veassllurds can become full-bonded family. Is to wait for responses.

### \$\$\$\$\$ Talk of the Treasurer's Till \$\$\$\$\$

The sponsoring organization, the University of Southern Maine has kindly given us \$900.00 to fund student activities for the year. Furthermore, it seems our own Sheppa Veassllurd, is chieftain of that organization and reports an additional Superfund available for any special events we sponsor. Our own private till is reported at \$140.00, residual monies from Prester John's Pre-Pennsic Pig Party. This is a fairly respectable financial situation and meetings amongst the Seneschal and Deputy Seneschal, along with your suggestions, have arisen at a yearly budget.
